

## CNH1 Explore and establish the client's needs for complementary and natural healthcare.

### OVERVIEW

All forms of complementary and natural healthcare rely on exploring and establishing the client's needs and expectations. This may take place at the outset, but also during the on-going delivery of complementary and natural healthcare. This allows the practitioner to consider whether it is appropriate to offer the service to the client, the type of service that should be offered and any required modifications to that service. Users of this standard will need to ensure that practice reflects up to date information and policies Version No 1
