Level Descriptors

Key characteristics of a Level 7 Role

Definition of the Level 7 Role

People at level 7 of the career framework have a critical awareness of knowledge issues in the field and at the interface between different fields. They are innovative and have a responsibility for developing and changing practice and/or services in a complex and unpredictable environment.

Example of Role at Level 7

Advanced Practitioner:

Whilst recognising that some professions have already defined the advanced practitioner: the definition of an advanced practitioner used in this template is intended to be applicable to all professional and occupational groups. This definition is based on the level 7 descriptors that inform the career framework for health and therefore is useful to employers.

Advanced practitioners are experienced professionals who have developed their skills and theoretical knowledge to a very high standard, performing a highly complex role and continuously developing their practice within a defined field and/or having management responsibilities for a section/small department. They will have their own caseload or work area responsibilities.

Further information regarding the role of the advanced practitioner has been used to support these findings

Basic Information:

Named Role	Advanced Practitioner Orthopaedic Surgical Care (North West)
Area of work	Community NHS Or Local Authority Or Independent, Hospital NHS Or Independent
Role Family	AHPs, Nursing
Experience required	Relevant professional qualification e.g. registered nurse, experience at a senior level in orthopaedics/surgery, considerable experience
Career Framework Level	7

Summary of Role

Developed in 2009 as part of the Department of Health (England) reducing waiting times initiative.

Scope of the Role

Working as part of a multidisciplinary team this role will assess, request diagnostic tests including radiology, plan and implement treatment and plan for and discharge patients with orthopaedic/surgical conditions.

All level 7 roles will have the following common/core competences.

All competences are national occupational standards (NOS)

Specific competences to the role have then been identified. Any additional competences specific to the locality should then be identified locally using the competence tools and health functional map and added to the template using the same format.

Level 7 Core Competences / National Occupational Standards:

Indicative Learning and Development

Transferable roles may be underpinned by a range of learning and development activities to ensure both competence and role confidence. The learning and development included within the template is by nature indicative. In some cases it is endorsed by professional bodies and/or special interest groups and accredited by an awarding body.

Transferable role	Advanced Practitioner Orthopaedic Surgical Care (North West)
Formal endorsed learning	MSc/Postgraduate Diploma in Surgical Care Practice offered through HEIs
Informal learning	Work shadowing and in house learning
Summary of learning and development including aims and objectives	This programme of learning will provide students with the knowledge, understanding and skills required to practise as surgical care practitioners, essential component includes non medical prescribing
Duration	2 years part time study (recommended)
National Occupational Standards used	Where possible all learning should be based on/mapped to national occupational standards or national workforce competences
Credits (including framework used)	May be offered as 20 credit modules
Accreditation	<ul style="list-style-type: none"> - National Association of Assistants in Surgical Practice (NAASP) or Royal College of Surgeons for short skills courses - NAASP for the two year part time MSc/Postgraduate Diploma in Surgical Care Practice
APEL and progression	Prior study and experience may offer APEL opportunities
Programme structure	Modular structure with blended learning approach
Continuous Professional Development	Not specified

Resources required, e.g. placement learning, preceptors, accredited assessors etc	<ul style="list-style-type: none"> - Study time and clinical supervision - Clinical supervisor support from consultant grade surgeon - Normally employment in a training post is required before enrolment on the programme
Quality Assurance	Through HEI quality systems for formal learning opportunities
Policies included in learning programme documentation	Equal opportunities, diversity and accessibility Appeals procedure
Funding	Agreed locally
Leading to registration or membership with:	NAASP
