Level Descriptors

Key characteristics of a Level 7 Role

Definition of the Level 7 Role

People at level 7 of the career framework have a critical awareness of knowledge issues in the field and at the interface between different fields. They are innovative and have a responsibility for developing and changing practice and/or services in a complex and unpredictable environment.

Example of Role at Level 7

Advanced Practitioner:

Whilst recognising that some professions have already defined the advanced practitioner: the definition of an advanced practitioner used in this template is intended to be applicable to all professional and occupational groups. This definition is based on the level 7 descriptors that inform the career framework for health and therefore is useful to employers.

Advanced practitioners are experienced professionals who have developed their skills and theoretical knowledge to a very high standard, performing a highly complex role and continuously developing their practice within a defined field and/or having management responsibilities for a section/small department. They will have their own caseload or work area responsibilities.

Further information regarding the role of the advanced practitioner has been used to support these findings

Basic Information:

Named Role	Advanced Practitioner Oesophageal And Upper GI
Area of work	Hospital NHS Or Independent
Role Family	Nursing
Experience required	Relevant professional qualification, considerable work experience in relevant area including at a senior level
Career Framework Level	7

Summary of Role

Developed in 2009 as part of the Department of Health (England) reducing waiting times initiative.

Scope of the Role

This role works as part of a multidisciplinary team to support the diagnosis, treatment and discharge of patients with oesophageal and upper GI tract conditions. The role will request diagnostic tests, priorities treatment, and formulate discharge plans.

All level 7 roles will have the following common/core competences.

All competences are national occupational standards (NOS)

Specific competences to the role have then been identified. Any additional competences specific to the locality should then be identified locally using the competence tools and health functional map and added to the template using the same format.

Level 7 Core Competences / National Occupational Standards:

Underpinning Principle	Reference Function		Competence
1. COMMUNICATION	1.2	Communicate effectively	GEN97 Communicate effectively in a healthcare environment http://tools.skillsforhealth.org.uk/competence/show/html/id/3001

Indicative Learning and Development

Transferable roles may be underpinned by a range of learning and development activities to ensure both competence and role confidence. The learning and development included within the template is by nature indicative. In some cases it is endorsed by professional bodies and/or special interest groups and accredited by an awarding body.

Transferable role	Advanced Practitioner Oesophageal and Upper GI
Formal endorsed learning	All 20 credit modules delivered through local HEI at M level Context of advanced practice Practice educator Clinical examination & diagnostics Leadership Research Methods Research Statistics Negotiated work based learning module Plus Non medical prescribing
Informal learning	Reflection on practice and self directed learning
Summary of learning and development including aims and objectives	A range of pick and mix modules which together will provide learners with the knowledge, understanding and skills required to practise as advanced practitioners
Duration	variable
National Occupational Standards used	Yes
Credits (including framework used)	20 credit modules leading to staged awards of post graduate certificate (60 credits required) and post graduate diploma (a further 60 credits)
Accreditation	N/A
APEL and progression	Modules may be used towards MSc. If progressing to MSc studies the two research modules are mandatory APEL systems are in place to recognise the learners previous experience and learning

Programme structure	Modular structure with blended learning approach
Continuous Professional Development	Not specified
Resources required, e.g. placement learning, preceptors, accredited assessors etc	Study time and clinical supervision
Quality Assurance	Through HEI quality systems for formal learning opportunities
Policies included in learning programme documentation	Equal opportunities, diversity and accessibility Appeals procedure
Funding	Locally agreed
Leading to registration or membership with:	N/A
